Technical data sheet

SteelMan SUPERB
Multifunctional wheelchair

Key features & benefits:

- SteelMan SUPERB is designed for assisted transport of users with temporary or long-term mobility difficulties who require additional positioning, stability and postural support.
- The wheelchair is moved by an attendant using push handles and is not intended for self-propelling.
- Strong steel frame with powder coating and durable Dartex® upholstery - breathable, PU-coated and water-resistant.
- Seat tilt and backrest recline are easily adjusted by gas spring levers mounted on the push handles.
- Multifunctional headrest with height, depth, angle and side-width adjustment provides secure head support.
- Height-adjustable armrests and adjustable legrests with padded calf supports help achieve comfortable and stable positioning.
- Dual braking system: parking brakes on both sides and drum brakes on the push handles for attendant-controlled slowing or locking.
- Side supports and abductor are optional/not included as standard.
